

Chaitanya Bhosale

Pune, MH | +91 9665651475 | chaitanyabhosale1311@gmail.com

Professional Summary

Detail-oriented Technical Implementation Engineer with a strong foundation in Computer Engineering and hands-on experience in system configurations, installations, and problem management. Adept at diagnosing root causes for break/fix incidents, deploying technical solutions, and automating support tasks to reduce resolution times. Strong analytical thinker with a proven client service orientation and excellent verbal communication skills to support users and meet client requirements.

Experience

Ubisoft Entertainment India Pvt. Ltd. | QA Tester – Functionality 07/25 – Present

- Executed technical configurations and installations across Desktop and Console platforms (PS5, Xbox, PC) to support development environments.
- Attended to complex software and hardware break/fix events, identifying root causes and recommending corrective actions in collaboration with engineering teams.
- Managed problem tracking and maintained detailed documentation of incident results via Jira, ensuring debugging efficiency and fast resolution.
- Supported requirement analysis and contributed to technical design discussions to meet internal client requirements for new features.

ProAzure Software Solutions Pvt. Ltd. | Intern Trainee Engineer 01/24 – 02/24

- Collaborated with the engineering team to log, troubleshoot, and resolve technical issues, actively participating in root cause and problem management discussions.
- Utilized basic scripting languages to automate recurring helpdesk and support tasks, significantly reducing incident resolution times.
- Assisted in analyzing technical design and procedures to build strong operational processes.
- Maintained clear, accurate technical logs for internal reviews, isolating bugs and break/fix events efficiently.

Education

Savitribai Phule Pune University, Undergraduate in B. E 2022-2025
Major: Computer Engineering

Maharashtra State Board of Technical Education, Diploma. 2019-2022
Major: Computer Science and Engineering.

Skills

Technical

- **Core Competencies:** Technical Implementations, Break/Fix Support, Problem Management, Business Analysis & Process Management, Client Service Orientation, Hardware Installations.
- **Systems & Platforms:** PC Building (Assembly, Setup), Current Generation PC Architecture, Windows.
- **Technical Languages:** Python, C++, JavaScript, Automation tools, ADB, Jira, Git

Soft Skills

- Communication, Team Collaboration, Time Management, Analytical Thinking, Adaptive.

Projects

Project NEEM-OS (*In Progress*)

- Engineered and deployed a Web3 blockchain application, successfully managing the implementation of smart contracts, module configurations (NeemOSCapital, NeemOSVerify), and seamless integration with GitHub repositories for version control.

Game Physics Simulation & OpenGL Rendering

- Building a C++ physics engine and a 3D scene renderer to deepen understanding of complex technical design principles and technical architecture.

Stock Price Prediction using Streamlit

- Built an interactive data application using Python to forecast stock data based on technical analysis.

Chatbot for Customer Query Automation (*In Progress*)

- Developing a Flask-based chatbot to simulate ERP helpdesk functions, showcasing readiness for client service and technical support roles.

Certificate

- Data Analytics and Visualization Job Simulation.** Issued by Forage
Skills: Data Cleaning & Modeling, Project Understanding, Data Visualization.
- Programming with JavaScript.** Issued by COURSERA
Verify at: <https://www.coursera.org/account/accomplishments/verify/NNDQGWGR89F5>
- Business Analysis & Process Management.** Issued by COURSERA
Verify at: <https://www.coursera.org/account/accomplishments/records/UJT12IO134TS>
- Geodata Processing using Python and Machine Learning** Issued by ISRO-IIRS
Verify at: https://isrolms.iirs.gov.in/mod/customcert/verify_certificate.php?contextid=1049408

Extracurricular Activities

- Partnered with Green Yatra during Ubisoft's Global Volunteer Week to execute de-weeding and biodiversity maintenance.
- Leader of the Computer Engineering Football Club.
- Volunteer for the North Maharashtra University's Well-being Health Program.
- Volunteering in NGO's, Gigs, Concerts and Live-show.

Languages

- English (Professional Working Proficiency)
- Hindi (Fluent)
- Marathi (Fluent)
